Designed for function, sustainability and lean manufacture, Iceberg's *Full Circle Series* collaboration boards employ materials that are recycled or may be easily recycled after use. Creative use of new materials like bio board substrates and recyclable materials like steel, aluminum, glass, and resin result in products that conserve resources, are attractively designed and provide outstanding performance and long lasting use.

clarity **Glass Dry Erase Boards** exemplify cutting edge design and function. The writing surface is 1/4" tempered glass. An ultra white backing, combined with the glass surface, maximize visibility, clarity and ease of erasing and cleaning. This surface will never ghost. The frameless board design easily and securely mounts to the wall using 4 architectural blocks which serve a dual function as marker and eraser storage.

notability **Dry Erase Boards** are lean designed and functional. The blow molded high density polyethylene end caps provide storage for markers and erasers. Premium dry erase surface with bio-board substrate. The board is extremely durable, easy to hang and has a style to fit any conference room or office.
