ROUGH[™] READY Folding Chair

ROUGH "n" READY Folding Chair

- Ergonomically Designed for Superior Comfort** oversized seat and back
- Constructed of Blow Molded High Density Polyethylene** soft but firm feel
- Lightweight**
- Sturdy, Heavy Gauge, Powder Coated, Oval Steel Tube Frame**
- 225 lbs. Load Capacity**
- For Indoor or Outdoor Use**
- Non-mar Plastic Feet**
- Nests for Easy, Compact Storage**

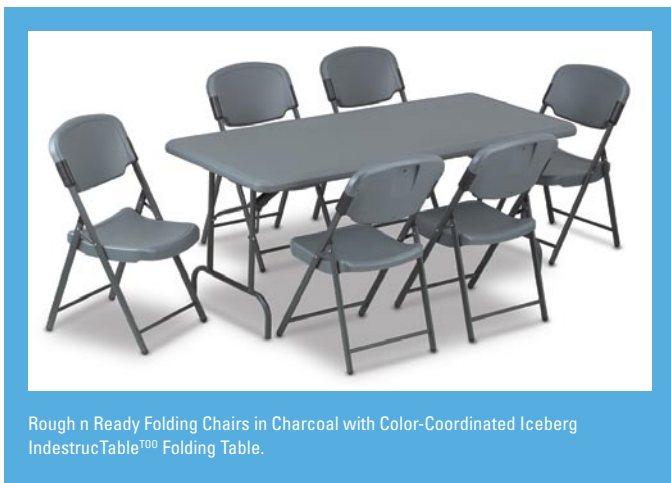

This folding chair is extraordinarily comfortable. Ergonomically contoured, extra wide seat and back provide all-day support with a softer feel. The seat and back are constructed of blow molded high density polyethylene with soft radius edges. This gives both the seat and back a "soft" but "firm" feel. The frame is constructed of gray powder coated heavy gauge oval steel tubing with sturdy cross bracing. Non-mar plastic feet for stability. The chair is extremely strong and lightweight. Chairs "nest" for easy storage.

Professional looking, Rough n Ready folding chairs are available in charcoal or platinum. Open dimensions are 18-3/4" W x 21-1/2" D x 35-1/2" H.

Rough n Ready Folding Chairs fold compactly and nest neatly for space saving storage. Folded dimensions are 18-3/4" W x 5-1/4" D x 44-1/2" H.
